

NEO SCAN Device Embedded

2D Barcode Scanner for ATM and Kiosk

- **Fast Decode**
- **Easy installation**
- **Easy and convenient firmware upgrade**
- **Decodes barcodes displayed on LCD**

If you want to have a Multiplayer Scanner, try Neo Scan DE to fill your needs!

Fast Reading Speed

Neo Scan DE contains decoding engines for 1D & 2D barcodes. With its finest engines, scan your code within a second.

LCD Readability

Neo Scan DE is capable of decoding 1D & 2D barcodes displayed on LCD of mobile devices. With its patented domed light reflector, Neo Scan DE can decode off the LCD just like decoding barcodes printed on a paper.

Suitable for ATM & Kiosk

Neo Scan DE has screw fixing holes available to install into ATM & Kiosk conveniently.

Easy Firmware Upgrade

Provides OCX and DII for the users to support easy firmware upgrade thru serial communication.

Item	Specification
1D Barcode	Code 39, Code 128, EAN
2D Barcode	QR, Datamatrix, PDF417
Interface	RS-232C
Reading Window	50mmX80mm
Camera Sensor	CMOS 1.3 Mega Pixel
FPS	14 Frame/sec
Density	0.15Mm(1D), 0.12(2D)
Readable Types	Paper, LCD of mobile devices
Features	Beep, SW Reboot, Update
Power	DC5V / 1.5A
Size	W70mmXD60mmXH80mm
Weight	150g
Temperature	0°C ~ 40°C
Humidity	10% ~ 80% RH
Certificates	CE, MIC, FCC

NEO SCAN DE

Universal Usage

– Kiosk, ATM, Mobile Scan, etc
